

DSS Sightview

Manage VA eye clinic workflow in one system

Veterans deserve top-quality vision care. To enhance eye care and modernize VA systems, DSS has teamed up with Sightview Software, a leading electronic health record (EHR) and practice management solution in the eye care industry.

DSS Sightview, the EHR solution for VA eye clinics, integrates with VA's computerized patient record system, VistA.

Designed to transform ophthalmology practices and improve patient experience, the solution is developed by physicians who understand ophthalmology workflows and align with the clinical and operational needs of VA Clinics.

- Intuitive and easy to learn
- Integrates with existing workflows for quick patient encounters navigation
- Efficiently manage all needs with one system
- Improves data capture for better accuracy and provider reimbursement

Features
